GETTING STARTED

We are delighted to invite you to the Queen's Conference on Business and Technology for its third year, after a very successful inaugural launch. QCBT is a conference that aims on connecting students from the faculties of Commerce, Computer Science, Engineering and Arts & Science to revolutionize the rapidly growing business and technology sector. After successfully hosting over 260 delegates over the last two years, we plan to build on the momentum and take QCBT to new heights.

Our conference aims to inform delegates on the current advancements in technology and how they can become a part of a community whose purpose is to learn how to improve the experience of tomorrow. A diverse range of students, sponsors, speakers, and other partners will come together to spark innovation in this space. Simply put, the conference aims to create a community of individuals who have the drive and initiative to drive the next chapter of innovation.

Approaching our third year in operation, we recognize the vital role sponsors play providing value to delegates, speakers and the entirety of the conference. In addition, the conference and our delegates offer exceptional opportunities for potential partners. Everyone involved will have a unique role in shaping the conference and making it the incredible experience it will be. On behalf of the QCBT team, we thank you for taking the time to read this sponsorship package. We hope to see you at QCBT 2017!

Sincerely,

EXECUTIVE ADDRESS

Dear Potential Sponsor,

As the Executive Director of the Queen's Innovation Connector, I have seen in recent years a more focused effort to provide students with experiences that foster innovative thought, creative ideas, and insightful conversation. The Queen's Conference on Business Technology (QCBT) is a new student-led conference that does just that: it brings together students with a passion for innovation in a dynamic, high-energy environment that inspires new, innovative ideas in technology. With the mission of the QCBT being to provide "an environment for professionals and curious minds to come together to bridge the gap between the business and technology space", I am certain that those who participate will have an invaluable experience connecting with other like-minded students, industry professionals, and top employers from across North America.

The success of the QCBT would not be possible without the dedication of the QCBT Executive, the time provided by industry volunteers, and the financial support of sponsors. I hope you and your organization will consider sponsoring this year's QCBT, helping to launch the start of an experience that will "change perspectives, attitudes, and the innovative minds in all of us."

Greg Bavington
Executive Director
Queen's Innovation Connector

WHY SPONSOR QCBT

CALIBRE OF OUR DELEGATES

DIVERSITY IN BACKGROUND

This conference brings together a diverse group of individuals who dare to define a new status quo and are willing to take the initiative to bring forward-thinking ideas into fruition. Our delegates come from prestigious universities across Canada and they are at the top of their programs in Commerce, Engineering, Computer Science, and Arts and Science.

SCREENING PROCESS

Hosted at one of Canada's premier universities, QCBT attracts the brightest and most driven individuals across the nation. To select our delegates, we implement an intensive screening process which involves an extensive application in which the student has to portray their passion for business and technology, skills, and unique thought process. Last year, we received more than 350 applications from 10 different universities.

ACTIVE JOB SEEKERS

54% of our delegates are either post-graduates or in their third or fourth year. They are actively looking for jobs they can pursue after they graduate in the technology sector.
